11 Universal Steps to Attracting Wealth and Prosperity

Instructions: We have energized this bonus with wealthy and prosperity. Read the entire list at this time.

Then choose 2-3 to do each day that feel good for you. Schedule time on your calendar and set a reminder to do this each morning.

1. Receive the energy of wealth by placing your hands in receiving position, with your palms up. Then repeat this statement:

"I love myself, I love money, I love God; all are one."

Repeat this affirmation daily to reinforce it. This will allow it to integrate fully and quickly.

2. Take time each day to thank the God of your understanding for everything you have ever received. Simply say, *"Thank you for my rightful abundance."*
3. Let go and surrender to God's will each day and trust that things are unfolding in divine timing. Simply say, *"I let go and surrender to God's will"* throughout the day." You can say this silently.
4. Take your worries about money and send them to the center of the earth. See them going in and blanketed with white light. If you cannot see it, just intend it is so.
5. Read the sentences below:

*I am wealthy and abundant in all ways.
I am love.*

Place your hands in receiving position with palms up and ask to receive the energy of the above affirmations. If you feel any discomfort, then say "I let go and surrender" several times until the discomfort stops. Allow the energy in.

6. Repeat the affirmations that you received above, 2- x day for 3 weeks. This will reinforce them and have them integrate easily and quickly.
7. Set an intention for the amount of money you want to attract that is within

your belief system as being possible. Then surrender and let go.

8. Take time to meditate for 15-20 minutes each day. During the meditation ask to be shown the resources and means to obtain the goal you set above. (If you do not know how to meditate or want to learn some other meditations, check out my Manifesting Meditation audio at www.TheSentelligentSolution.com.)
9. Take time each day to give thanks for the money in your wallet. Place a \$100 bill in your wallet and keep it there. Bless it.
10. Remember to bless everything and everyone.
11. Be love and love money. Love is a high vibration. Love everything and everyone.
