

Daily Divine Steps

READ THESE STEPS EVERY SINGLE DAY.
It takes no more than 5 minutes.

Put a time on your calendar to read these 4 steps first thing every morning.

1) Ask Source to support you in ways that are divine for you daily - ask from place of knowing it will be done.

Intend for a clear knowing when it is done for you.
Ask to be shown if you don't see it.

2) See the beauty in the world - bless it and acknowledge it is from Source - reinforce everything is from Source

3) Affirm "Source is my Source of everything" and bless it

4) Ask to be shown steps to move forward in alignment with my desires daily.

NOTE:

Your connection to the Divine will be a knowing. It will feel natural and right. It will NOT be or show up as a voice.

Steps taken will feel like things you naturally do and that feel right to do. That is the divine working through you

If you notice interference with your connection to the divine, it could be ego, entity attachments or other forms of energy in your field.

When you notice interference, ask to be reconnected to the Divine.
